**Office Hour: TUESDAY 5:10 - 6:15pm in S 76 F,
and by appointment**

Welcome to Statistics! Please read this syllabus in its entirety

This is a distance learning class with **4 required on-campus exams**. Since this is a distance learning class, you should strive to learn the material on your own. However, I am here to help so please email me or post questions in Catalyst if you need assistance. Plan to commit a minimum of 15 hours per week to this course.

Math 10 Student Learning Outcomes

- (1) Organize, analyze, and utilize appropriate methods to draw conclusions based on sample data by constructing and/or evaluating tables, graphs, and numerical measures of characteristics of data.
- (2) Identify, evaluate, interpret and describe data distributions through the study of sampling distributions and probability theory.
- (3) Collect data, interpret, compose and defend conjectures, and communicate the results of random data using statistical analyses such as interval and point estimates, hypothesis tests, and regression analysis.

Very Important Dates

Proctored exams are in the Media and Learning Center Room 105 (see a De Anza map at <https://www.deanza.edu/map/>) on the following dates:

Exam 1: Tuesday 26 January 6:30-7:30pm in MLC 105

Exam 2: Tuesday 16 February 6:30-7:30pm in MLC 105

Exam 3: Tuesday 8 March 6:30 - 7:30pm in MLC 105

FINAL EXAM: Tuesday 22 March 6:30-8:30pm in MLC 105

See the end of this syllabus for the Alternate Exam Policy if you are unable to take these exams on campus with the rest of the class.

TEXTBOOK AND MATERIALS FOR MATH 10

- **REQUIRED:** *Introductory Statistics* by Illowsky, Barbara, and Dean, Susan. (print or online) All of the text is free online. Use or download at:
<https://openstaxcollege.org/textbooks/introductory-statistics/get> or at
<http://cnx.org/content/col11562/latest> You may also purchase a printed copy at the De Anza College bookstore: <http://books.deanza.edu/home.aspx> .
- **REQUIRED: CATALYST:** <https://catalyst.deanza.edu> (not available until the start of the term. Free.) Used for links to lectures and videos, keeping track of your grades, taking online quizzes, and for uploading projects. There are online quizzes in Catalyst. Your top 10 online quiz scores count towards your final grade.
- **REQUIRED:** To access **WEBASSIGN ONLINE HOMEWORK:** <http://www.webassign.net> (Not available until start of the quarter. Costs about \$30.) **Class Key: deanza 7070 8794**
- **REQUIRED CALCULATOR:** TI-83+ or TI-84+. Must be a physical calculator, not an app on your phone, etc.

ATTENDANCE POLICY

Attendance is **required** via participating online. I will drop any student who has not logged onto the Catalyst course by **11:55 pm on Wednesday 6 January**

Note to students with disabilities

If you have a disability-related need for reasonable academic accommodations or services in this course, provide me with a Test Accommodation Verification Form (also known as a TAV form) from Disability Support Services (DSS) or the Educational Diagnostic Center (EDC). Students are expected to give **one week** notice of the need for accommodations. Students with disabilities can obtain a TAV form from their DSS counselor (408 864-8753 DSS main number) or EDC advisor (408 864-8839 EDC main number).

Homework

The purpose of homework is to help you learn the material in the course. You learn the most and do your best if you do the homework problems. You are expected to do the chapter Practice in the book before attempting the Homework in the book. The homework you do using **Webassign** will count towards your grade. Your 10 highest **Webassign** homework scores count towards your final grade.

Technology Based Activities/Projects

Projects make use of the TI graphing calculator, and may be done groups of up to four members. Turn in one copy with all of the group members' names on the top. If I cannot open your attachment, your grade is 0. If you send me more than one attachment, I will print and grade **ONLY ONE** of them (my choice). **Late papers will receive a grade of 0.** Projects due same day as an exam may be handed in at the beginning of the exam with all pages **STAPLED**, or uploaded as a **SINGLE** attachment into Catalyst. Projects not due same day as an exam must be uploaded as a **SINGLE** attachment into Catalyst

Quizzes

There are 13 **online** quizzes in Catalyst (catalyst.deanza.edu). Your 3 lowest online quiz scores will be dropped, this also takes into account any technical difficulties you may have. **NO EXTENSIONS WILL BE GRANTED.**

Exams

Three Midterm Exams and one Final Exam will be given during the quarter. Bring a long brown scantron (#2052 at the college bookstore counter), a #2 pencil and an eraser to the exam. You must also **BRING A PHOTO ID**. You may bring one 8 1/2 inch by 11 inch page (both sides - this is only ONE piece of paper, not two glued together, etc.) of notes for the Exams (TWO pages for the Final Exam), a calculator (NOT an app on your cell phone, etc.), and, if English is a second language, a print (not electronic) English translation dictionary.

There are absolutely NO MAKEUPS for any work. I count your top 3 exam scores (out of the 4 exams), plus the final exam score. Therefore, it is possible your final exam score will be counted twice. If you do not take the final exam at the given time, your course grade will be F. Exams not taken at the official time will result in a grade of 0. Late projects will receive a grade of 0.

Dropping/Withdrawing from the Course

IT IS YOUR RESPONSIBILITY TO DROP OR WITHDRAW IF YOU NEED TO. It is also your responsibility to check <http://www.deanza.edu/calendar/> for the De Anza College deadlines.

Exam Behaviour

PLEASE be respectful of other students. During an exam, **all electronic devices**, other than your TI calculator, **must be OFF** (not vibrate mode). If your phone, pager, or any other electronic device goes off during an exam, even on vibrate mode, your exam must be turned in immediately and you may receive a 0 for the exam. Disrespectful behaviour (which includes, but is not limited to, noise from electronic devices) may result in you being asked to leave the class, and/or being dropped from the class, and/or being reported to the Dean, any of which could result in an F for the course.

Cheating

Students who submit the work of others as their own or cheat on exams or other assignments will receive a failing grade in the course and will be reported to college authorities.

Alternate Exam Policy

If you cannot take the exams on the official dates/times you may **REQUEST to take the exam elsewhere:**

If you wish to take the exam at an alternative day/time, you must have **COMPLETED** the following with me at least **ONE WEEK** in advance of the official day for **EACH** exam.

- 1. You may ONLY take the exam on Monday or Tuesday of the official exam week.**
2. You must email me to let me know where you would like to take the exam, and the day and time of your appointment. It **must** be at a member of the Consortium of College Testing Centers OR a US Forces base overseas. You must email me the place, plus the name, phone and email of a contact person at the testing center (see below).
See <http://www.ncta-testing.org/cctc/> for a list of testing centers.
3. I will contact the testing center **within 1 school day** of you contacting me.
4. I must have **received** a response from the testing center at **least ONE week** in advance of the official exam. (This means before 6:30 pm Cupertino Time on Tuesday of week 2 for the first exam.)

If these arrangements are not **completed 1 week** in advance, your options are either to take the exam with the class at the scheduled time on campus or to miss the exam and receive a grade of 0. ("**Completed**" includes me getting a response from the testing center, so if you email me the details on Tuesday of week 2, you will NOT be able to take the first exam elsewhere.)

Completed exams and the solution sheet must be **emailed** to me by your testing center by noon of the following day. Any late work will receive a grade of 0.

Please be sure to provide me the following information in a SINGLE email:

- 1. Place you are requesting to take the exam.**
- 2. Name, phone and email of a contact person.**
- 3. Day and time for each exam.**

NOTE: You are **REQUESTING an alternate exam day and time. I am under NO obligation to allow exams elsewhere. I will strictly adhere to the timelines above.**
