

Class Website / Canvas

We'll be using **CANVAS** to manage our class documents and deadlines. Your canvas connection should work, giving you access to all relevant course materials for our class.

If you know how to access Canvas, go to it! Otherwise, try the steps below.

- Log into **MyPortal** then click on your **Student** tab.
- Once on the student tab, look down the left side of your screen and click on **Log into Canvas** under **My Online Courses**.
- Once in Canvas, click on our course:

F17 MATH D010 MP1 Elem Stats/Probability

Our Canvas page contains LOTS of tools and documents for our class.

It includes links to the course syllabus (attached to this e-mail), links to our online homework tool (WebAssign), Class Notes, and other useful items.

It will be updated and modified throughout this quarter.

Grades will be assigned as follows:

Grade	Percentage	Grade	Percentage
A+	At least 98%	B -	80% – 81%
A	92% – 97%	C+	78% – 79%
A -	90% – 91%	C	70% – 77%
B+	88% – 89%	D	60% – 69%
B	82% – 87%	F	Under 60%

Make up Policy – There are no make ups.

You **MUST** take the exams on the dates listed. There are absolutely no make-up quizzes, homework, or exams. The final exam date and time have been determined and mandated by the college. No early/late final exam may be scheduled. If you know that you are unable to take the final at the date and time above, you must drop the class now.

Late Policy – Late homework/assignments will not be accepted.

Dropped/Replaced Grades:

- Lowest two Homework grades will be dropped.
- Lowest Quiz will be dropped.
- Lowest Exam grade will be replaced by Final Exam grade if the Final Exam grade is higher than the lowest exam grade.

Labs (10% of course grade)

We will have 4 lab grades through the quarter (3 group lab exercises + 1 peer review). All grades will be included; none will be dropped.

Unless otherwise indicated, all lab exercises must be completed by teams of 2 - 3 students.

Each group will turn in one report per lab, and the score will be the same for all members in the group.

If you submit a lab exercise after the due date, 5 points will be taken off for each day late.

Some lab exercises may include a presentation component. *Each member of a lab group should be prepared, if necessary, to turn in a completed group lab report when due.*

Lab members will be peer reviewed for participation and contribution using Google Forms.

Each team member will review other team members, and each member's average score will count as 1/4 of that student's final lab grade.

Homework/Surveys (15% of final grade)

Homework will be assigned and conducted either on WebAssign or as announced in class.

WebAssign is the online program that we'll be using to complete and submit online homework assignments. It will cost approximately \$35 for online use this quarter. If you have any questions about homework, feel free to come to office hours or e-mail me at meshlisa@fhda.edu. Don't send questions to me through WebAssign.

Here's how you get access to WebAssign.

- 1 – Go to the student tab in MyPortal
- 2 – Click on the link within My Online Courses that says "Sign into Canvas"
- 3 – Click on the Modules link on our Canvas Homepage
- 4 – Once on Modules link, choose the link called "**WebAssign - 10.MP1**".
- 5 – Click on the "Load WebAssign" in a new window.
- 6 – If you're a new user, follow prompts to create a new account. If you already have a WebAssign account, follow prompts to access your existing account.

We'll have 15 homework assignments to be completed (2 surveys + 13 homework assignments). Your *13 best homework scores are counted* and the two lowest scores are dropped.

All homework will be assigned weekly and will be due on dates indicated in WebAssign.

All homework must be submitted on time; **no late homework will be accepted**.

You'll be asked to participate in an entrance survey at the beginning of the quarter and another survey at the end of the quarter. Each of these surveys will count as a full homework grade.

If you have homework questions, we'll try to answer them at the beginning of class (time permitting) or during office hours in the Math, Sciences & Technology Resource Center [located in S-43]. Homework help will also be available through other tutors in the Center during its open hours.

Quizzes (15% of course grade)

We'll have 10 quizzes; 9 best quiz scores are counted. The lowest quiz will be dropped; however, you are not allowed to drop a quiz in which you cheat.

Quiz dates are scheduled after we cover each chapter on the attached initial calendar, but may change as we progress through the quarter. Keep up with adjustments via Canvas.

Quizzes will be timed and most will last approximately 30 minutes. *After each quiz is completed, please plan to stay for remainder of class time.*

No late or make-up quizzes will be given. Your lowest quiz score will be dropped.

Midterm Exams (45% of course grade)

We will have 3 midterm exams through the quarter in addition to the final. Midterm exams will last approximately 60 minutes. Each of the midterm exams will cover only the material discussed since the previous test. Although tentative dates for these exams are posted on the course calendar (attached later in this document), we'll set each date firmly at least one week in advance.

No late or make-up exams will be given. If you miss the exam, you'll earn a grade of 0.

Your final exam score will replace your lowest midterm exam score, even if your lowest exam score is a zero. If your lowest mid-term exam score is the result of cheating or cell phone misuse, that score will not be replaced by the final exam score, but the next lowest will.

Topics to Skip include Venn Diagrams (Ch 3), Geometric, Hypergeometric, and Poisson Distributions (Ch 4), Central Limit Theorem for Sums (Ch 7), Test of Single Variance (Ch 11)

Final Exam – Tuesday, 12/12 (9:15 – 11:15A) (15% of course grade)

The final exam will be 2 hours long, worth at least 15% of your final grade, and it is mandatory. It will be comprehensive and will include all material covered during the quarter.

The final exam will cover material from the whole course. If English is a second language (ESL), a print (not electronic) English translation dictionary is allowed for exams/quizzes.

If you miss the final exam without contacting me (your instructor), you will receive a score of 0 on the Final Exam.

NOTE: All quizzes and exams must be written using pencil. Keep it neat! **If I can't read your work or if it's really messy, you won't receive full credit.** *If you choose to submit your quiz or exam using pen, points will be deducted from your score.*

HELP! Don't wait to get it. We really want to help you succeed. Find resources as soon as you can. Remember, getting help begins with you! You need to ask for it.

Here's a few of your best resources on campus.

- Visit the Math, Sciences & Technology Resource Center during Week 1 of the quarter.
 - ✓ It's located at S-43 or online at <https://www.deanza.edu/studentuccess/mstrc/>
 - ✓ The center provides free tutoring services in a variety of formats (drop-in tutoring, one-on-one tutoring on a weekly basis, and 24/7 online tutoring).
 - ✓ It's there to help each of you.
- Work with other students in this class.
 - ✓ Share contact information with classmates and/or set a specific time for meeting (in person or online) to share and work together.
- Join me in office hours (also located in S-43). If you can't be there, set up an alternative place/time.

Accommodations for Students with Disabilities:

If you have questions about these services or your eligibility for support services or eligibility, contact one of the following resources:

- Disability Support Service (DSS): Student Services Building (408) 864-8753, TTY (408) 864-8748
- Educational Diagnostic Center (EDC): Learning Center West 110 (408) 864-8839
- Special Education Division: (408) 864-8407; www.deanza.edu/specialed

Speak with me privately after class or during office hours regarding your accommodations. All exams scheduled out of the classroom must be scheduled for a time period that at least overlaps class hours. Exams will not be authorized for vastly different time periods.

Academic Integrity:

Cheating and academic dishonesty aren't tolerated and can result in a grade of 0 or F for the assignment (quiz/exam/other assignment) or a grade of F for the course and referral to the Dean for academic discipline. ***Just don't do it.*** Any grade of 0 or F for dishonesty will be dropped and not replaced.

Cheating includes, but isn't limited to: copying from other students, permitting other students to copy from you, plagiarism, submitting work that isn't your own, using notes that don't meet permitted specifications, continuing to write/erase on an exam/quiz after permitted time has ended, changing your exam/quiz paper after it's been graded and then requesting a grading correction.

Class Cancellation / Emergency:

If I need to cancel class or cannot attend, I'll e-mail you as soon as I can, using announcements via Canvas.

If class is canceled for any reason or if an emergency causes campus to be closed, assume that any quiz, exam or due date scheduled on the date will be rescheduled to your next class meeting. If there are other changes, I'll announce them in the class after classes resume. Check our Canvas page and email for notices/announcements.

In the event of an emergency during class that requires evacuation of the building, leave the class immediately, but calmly. In the event of an earthquake, take cover under your desk, making sure that your head is protected as best as possible. As soon as possible, evacuate the building.

In the event of a local emergency not requiring evacuation, call 911 immediately.

Disclaimer:

Any of information in this syllabus is subject to change if the instructor finds it necessary. Changes will be announced during a class session and those who are absent will be held responsible for any announced changes to the syllabus.

Thanks for reading this in detail.
If you have any questions at all regarding our class, please ask me.
I'm really looking forward working together!

Tentative Course Schedule

Dates related to homework, chapters covered, quizzes and mid-term exams **may change slightly as we go through the quarter. The instructor will maintain a current calendar on our class Canvas page.** Please refer to it as our factual base through the quarter.

Note: **FINAL and dates for drop/add/request pass/no pass are set by the college and will not change.**
